

Reepham Medical Practice Feedback

September 2025

In September 2025 we visited Reepham Medical Practice to speak with patients about their experience with health and social care services. From this visit we received 15 reviews for the surgery. The reviews have an average star rating of 4.3 out of 5.

Reepham Medical Practice is a GP surgery in the town of Reepham. The surgery offers a variety of services including cervical screening, immunisations and minor surgery.

Healthwatch Norfolk Officers who visited Reepham Medical Practice noted:

 The carpark is a generous size, with reserved disability spaces.

- The front door is not automatically accessible. Several people were observed having difficulty in accessing the building
- The foyer housed a wheelchair for patients
- The waiting areas were observed to be large, clean and bright
- Other areas of the surgery are well signposted
- There are boards in the waiting areas showing health information
- Staff were observed to be attentive and friendly

Overall, people were pleased with the care they received at Reepham Medical Practice. People praised how helpful and caring staff were, but some raised difficulties in getting appointments, particularly appointments with a doctor.

Below there is a graph that shows the key themes and feelings shared in the feedback collected by Healthwatch Norfolk.

Comment from the surgery:

"With regard to Reepham, since this feedback we have appointed two new salaried GPs – Dr Simon May and Dr Saba Houshangi. We have arranged for an automated door to support easier access for patients. The bench was removed due to health and safety issues with a patient, and we are looking to replace with one that can be fixed to the floor. For test results we would recommend patients sign up to the NHS app where they can view results. If a blood test returned with concerns a clinician would telephone to advise. We sometimes have in excess of 150 blood test results a day, so we have to prioritise the 'abnormal results'. Unfortunately, the signal at Reepham is very poor so sending SMS messages are not helpful as they are often not received in a timely manner. We are looking at ways we can provide information more quickly." – Wendy Dicks, Practice Manager

96535	Reepham Surgery	We wanted to come in today to thank the staff	We're not actually registered with the surgery yet but wanted to come in today to thank the staff. My son broke his leg in the road last week and the staff from the surgery and the GPs all came out to help us out of hours. Everyone was so kind and helpful. They gave my son pain relief, called an ambulance and even got us prioritised with the ambulance!	5
94592	Reepham Surgery	They make me feel very special	Wonderful! Friendly staff; attentive. The doctor was very calming. They make me feel very special. If you need to book a routine appointment, it's a long time. Six weeks! But I know how busy they are.	5
94583	Reepham Surgery	I feel fortunate	I've seen them a lot over the last six months. They are fantastic. They are accommodating and flexible. They try their hardest to juggle and get you in. The GPs are extremely helpful. They are very thorough and helpful. They explain to me any questions I have. They all do an amazing job, under the circumstances. I feel fortunate.	5
86038	Reepham Surgery	Brilliant	I think it's good. Brilliant. Today has been brilliant. I needed a bit of an emergency appointment, and they've sorted me out. A few years ago, it was not so good but it's much improved. I can't fault it.	5

They can be slow and it's hard to get an appointment with the doctor. The care though is absolutely fine. They said my meds would be ready, but they aren't. Everything else is okay. If possible, I'd like to see the doctor more often, but the nurses and assistants are good. If you're very ill, they're wonderful. Everyone says the surgery has been marvellous.
